

TwinView Series DVD Headrest - Tailor-made For You

The only locally assembled DVD headrest that caters for the Australian vehicles

Perfect matching local vehicle factory interior materials

TwinView Series DVD headrest maintains the original look and feel of your vehicle's existing interior. TwinView Series DVD headrest is the only locally assembled DVD headrest in the car electronics market in Australia that looks into details such as piping, stitching, texture, notches, shape and even maintaining original headrest motorised functions.

Premium colour matching

We have a great range of colour & fabric to choose from, the TwinView Series DVD headrest will provide the best match to the interior of your vehicle.
